

CALL FOR NTCIR-18 TASK PARTICIPATION

January 2024 - June 2025
Conference: June 10-13, 2025 NII, Tokyo, Japan

NTCIR-18

NTCIR-18 (June 10-13, 2025, Tokyo, Japan) now calls for task participation of anyone interested in research on information access technologies and their evaluation, such as retrieval from a large amount of document collections, question answering and natural language processing. We welcome students, young researchers, professors who supervise students, researchers working for a company, and anyone who is interested in informatics.

10 Interesting Tasks

- AEOLLM: Automatic Evaluation of LLMs
- FairWeb-2: The Second Fair Web Task
- FinArg-2: Temporal Inference of Financial Arguments
- Lifelog-6: Personal Lifelog Organisation & Retrieval Task
- RadNLP: Natural Language Processing for Radiology
- MedNLP-CHAT: Medical Natural Language Processing for AI Chat
- Transfer-2: Resource Transfer Based Dense Retrieval
- HIDDEN-RAD: Hidden Causality Inclusion in Radiology Report Generation
- SUSHI: Searching Unseen Sources for Historical Information
- U4: Unifying, Understanding, and Utilizing Unstructured Data in Financial Reports
